— COMPANY OVERVIEW

BOOMYEP LLC is a Miami-based, woman-owned and minority-owned small business delivering custom software, AI and automation, and data analytics for government agencies and prime contractors. Led by a technical founder who builds in-house, agencies and primes get real engineering performance — not a pass-through subcontractor. The firm operates two practice areas: Public Sector (GovTech, digital modernization, secure enterprise solutions) and Business (enterprise technology for private-sector clients).

ENTERPRISE SYSTEMS

— CORE COMPETENCIES

Custom software development and application modernization

AI and intelligent automation — document processing, workflow automation, AI-assisted decision support

Data analytics, dashboards, and reporting

Digital modernization and enterprise systems integration

— DIFFERENTIATORS

- ✓ **Technical founder builds in-house** — real engineering capacity, not a flow-through sub
- ✓ **Discovery-first methodology** — the business problem is diagnosed before technology is recommended
- ✓ **Small and agile** — direct access to the builder, faster iteration, competitive cost structure
- ✓ **Woman-owned and minority-owned small business** — supports small business and socioeconomic subcontracting goals

— REPRESENTATIVE CAPABILITIES

- AI-driven document and permit/license processing for municipal workflows
- Public-facing data dashboards for operational transparency
